1.0 Introduction and background

The purpose of this document is to provide the Kent & Medway Cancer Collaborative (KMCC) Operational & Quality Group, Chief Executive Cancer Board, Trusts, Clinical Commissioning Groups (CCGs) and all Clinicians engaged in the management of Acute Oncology & Cancer of an Unknown Primary (CUP) with an overview of the minimum requirements to be addressed in order to achieve Improving Outcomes Guidance (IOG) compliance.

An important aim of this document is to provide an overview of the recommendations of the Kent & Medway Acute Oncology (AO) & CUP Forum on processes to ensure the delivery of clinically safe, evidenced based, clinically effective and IOG compliant Acute Oncology & CUP services.

This document does not aim to provide guidance on the clinical aspects of patient management. The clinical guidance recommendations of the K&M Acute Oncology & CUP Forum can be found in the following:

- A Pathway of Care for the Management of Acute Oncology Presentation

resources_measures_Acute_Oncology_April2014.pdf

- A Pathway of Care for the Management of Cancer of an Unknown Primary_
<http://pathways.nice.org.uk/pathways/metastatic-malignant-disease-of-unknownprimary-origin>

- The AO treatment Guidelines

FINAL_GUIDELINE_V_1.0_11.pdf

- The CUP treatment Guidelines_
<https://www.nice.org.uk/guidance/CG104/chapter/1-Guidance>
http://annonc.oxfordjournals.org/content/26/suppl_5/v133.full.pdf
- Imaging Guidance for Cancer <http://kmcc.nhs.uk/tumour-sites/sub-groups-or-cross-cutting-groups/diagnostics-group/>

The Kent & Medway Acute Oncology & Cup Forum will operate as a partnership forum with Terms of Reference similar to those for all TSSGs. It will be the KMCC Operational & Quality Group and Chief Executive Cancer Board's source of guidance on the implementation of Acute Oncology and CUP IOG's as well as the development of the clinical protocols and policies required to support this. As such these groups will expect organisations across Kent & Medway to adhere to the principles set out in this document.

2.0 Kent & Medway

Kent & Medway has a resident population of about over 2 million. Some residents from Sussex flow into Kent for oncological treatments expanding the population to 2.1 million approximately.

| | | | | | | | |
|----------------------------------|--|--|---------------------------------|--|--|---|--|
| Total locality population | 781,376 East Kent | | 717,470 West Kent | | 541,444 Medway & Swale, Dartford Gravesham & Swanley | | |
| Trusts | EKHUFT East Kent Hospitals University NHS Foundation Trust | | | MTW Maidstone & Tunbridge Wells NHS Trust | | DVH Darent Valley Hospital (Dartford, Gravesham & Swanley) | MFT Medway NHS Foundation Trust (Medway & Swale) |
| Hospitals | K&C Kent & Canterbury | QEQM Queen Elizabeth the Queen Mother | WHH William Harvey | TW Tunbridge Wells | MS Maidstone | DVH Darent Valley Hospital | MMH Medway Maritime Hospital |
| Note | Whilst geographically outside K&M, for the purposes of cancer the Queen Victoria Foundation Trust (QVH) at East Grinstead fall under the umbrella of K&M | | | | | | |

3.0 The Kent & Medway Acute Oncology & CUP Forum

The KMCC established an Acute Oncology & CUP Forum in 2016:

- The Forum is IOG compliant
- The Forum has multidisciplinary / multi-professional membership which is drawn from:
 - Each of the acute Trusts providing Local / Specialist level service
 - Primary Care
 - This group has a mechanism for feeding into patient involvement groups through the KMCC patient involvement staff members and groups that are currently being developed

Named Leads for the Acute Oncology & CUP Forum:

Interim Chair : Dr Afroditi Karathanasi,
Acute Oncology Consultant

KMCC Lead : Natalie Aluwalia, Service Improvement Facilitator

Acute Oncology Lead : Dr Afroditi Karathanasi,
Acute Oncology Consultant

CUP Lead : Dr Afroditi Karathanasi,
Acute Oncology Consultant

MSCC Lead : Dr Charlotte Abson, Consultant Clinical Oncologist

Cancer Nurse Specialist Lead (responsible for user issues): Gemma Craig, Lead Cancer Nurse/Matron, MTW

Tracey Spencer-Brown AO Matron, EKHUFT

Marie Payne AO Lead Nurse, DVH

Named Lead TBA, MFT

Non-Surgical Oncology Group (NOG) Lead : n/a
Research and Trials Lead : TBA
Two user representatives : TBA
Named Admin Support : Melanie Cray, KMCC

AO Subgroup:

Acute Oncology Consultant: Dr Afroditi Karathanasi,
Acute Oncology Consultant MFT
Acute Oncology Specialty Doctor TBA
Haemato-oncologist member of an acute oncology assessment service: TBA
Consultant physician (member of a hospital acute oncology team): TBA
Trust Acute Oncology Nurse Specialist: Tracey Spencer-Brown, Acute Oncology Matron, EKHUFT
Kerry West /Cat Hayward, MFT
Rosalind Yates /Andrew Brown, MTW
Nicky Bonthron (DVH)
Oncology pharmacist: TBA

MSCC subgroup:

Lead: Dr Charlotte Abson, Clinical Oncology Consultant
MSCC Co-coordinator: Kerry West/Cat Hayward, Acute Oncology CNS
Physiotherapist: Claire Bingham, Macmillan Specialist Physiotherapist

CUP subgroup:

Trust CUP MDT Lead Clinicians: Dr Catherine Harper-Wynne, MTW
Dr Afroditi Karathanasi, MFT
Trust CUP MDT Consultant Oncologist: Dr Catherine Harper-Wynne, MTW
Dr Afroditi Karathanasi, MFT
Dr Mathilda Cominos, EKHUFT
Trust CUP MDT Nurse Specialist: Rosalind Yates /Andrew Brown, MTW
Cat Hayward /Kerry West, MFT
Trust CUP MDT Palliative Care Consultant: Claire Butler
Trust CUP MDT Consultant Radiologist: Dr VJ Gannesh
Trust CUP MDT Consultant Histopathologist: Amit Goel/ Dominic Chambers

A full list of current membership will be available at the KMCC website:
<http://kmcc.nhs.uk/tumour-sites/tumour-site-specific-information/> and may include:

Core Kent & Medway Cancer Collaborative Representatives
 Provider Representatives from all Trusts
 KMCC Team Manager
 Patient Involvement Coordinator/ Macmillan Project Manager
 Cancer Data Analyst
 Research Nurses
 Any Healthcare Professional with an interest in cancer including senior delegates from Trust cancer management teams
 Primary Care Clinicians
 Commissioner Representatives

3.1 Overview of Kent & Medway Acute Oncology & CUP Services

- It is agreed that provision of Acute Oncology & CUP services for Kent & Medway (K&M) is accurately described in the table below.
- It is agreed that Afroditi Karathanasi will act as the Interim K&M Lead Clinician for Acute Oncology & CUP

Catchment Populations, Trusts, Acute Oncology Services, Specialist Teams

| Catchment | Trust | Hospitals providing Acute Oncology Service | Acute Oncology Assessment Service | Acute Oncology Clinic |
|--|--|--|--|---|
| Eastern & Coastal Kent - Population 781,376 | East Kent Hospital University Foundation Trust | KCH (Canterbury) | 5 day Nurse Led AOS service with: 3 AO Cancer Matrons, 2 Macmillan funded AO Nurse Practitioners | Yes CNS led clinic (telephone and face to face) |
| | | QEQM (Thanet) | | |
| | | WHH (Ashford) | | |
| Medway, Dartford Gravesham & Swanley (DGS) & Swale | Medway NHS Foundation Trust | Medway NHS Foundation Trust | 5 day Consultant Led AOS with a full time AO consultant and two full time band 7 Cancer Nurse Specialists. | Yes Consultant and CNS clinic |
| | Dartford, Gravesham & Swanley | Darent Valley Hospital | 7 day Nurse Led AOS with an AO CNS, a Macmillan Oncology CNS, an AO Support Nurse and an AO Specialty Doctor | |

| | | | | |
|-----------|---------------------------------------|---------------------|---|-------------------|
| West Kent | Maidstone & Tunbridge Wells NHS Trust | Maidstone NHS Trust | 5 day Nurse Led Service with two band7 Cancer Nurse Specialists | Yes CNS clinic |
|-----------|---------------------------------------|---------------------|---|-------------------|

Catchment Populations, Trusts, CUP Assessment Services, CUP MDTs

The current provision for **MUO / CUP assessment services** is shown below

| Trust | MUO / CUP Assessment Service? | Specific MUO MDT? | Specialist CUP MDT? | Specialist CUP outpatient clinic? |
|--|-------------------------------------|------------------------------------|--|--|
| Medway Maritime Hospital | Yes via AOS | Yes Linked to Lung MDT | Yes linked to Lung MDT | Yes every Tuesday pm |
| Maidstone and Tunbridge Wells Hospital - Kent Oncology Centre | Yes via AOS | YES separate with proforma | YES separate with proforma | No but can be seen in AOS clinic if needed |
| East Kent Hospital | Yes via Acute Cancer Matrons/AONP'S | Yes linked to lung/upper GI | Yes linked to lung/upper GI | Yes nurse led CUP clinic every Wednesday |
| Darent Valley Hospital | Yes via AOS | Yes Linked to Upper GI & Lung MDTs | No but can be seen in AOS clinic if needed | |

The current service for **Specialist CUP MDTs** is shown below:

| Specialist CUP MDT | Referring Hospital | Frequency of meeting | CUP Lead clinician | CUP MDT Lead clinician | CUP Oncology Consultant |
|---|--|--------------------------------------|---------------------------|---------------------------|---------------------------|
| Medway Maritime Hospital | Medway Maritime Hospital | Weekly Every Thursday at 12.30 pm | Dr Afroditi Karathanasi | Dr Afroditi Karathanasi | Dr Afroditi Karathanasi |
| Maidstone and Tunbridge Wells Hospital - Kent Oncology Centre | Maidstone Hospital Tunbridge Wells Hospital | Weekly every Tuesday 1.30pm | Dr Catherine Harper-Wynne | Dr Catherine Harper-Wynne | Dr Catherine Harper-Wynne |
| East Kent Hospital University Foundation Trust | KCH (Canterbury) QEQM (Thanet) WHH (Ashford) | No CUP MDT | No CUP MDT | No CUP MDT | No CUP MDT |
| Darent Valley Hospital | Darent Valley Hospital | TBA | TBA | TBA | TBA |

3.2 Function of the Forum - Terms of Reference

- A copy of the full Terms of Reference for this forum is located on the KMCC website:

<http://kmcc.nhs.uk/tumour-sites/terms-of-reference/>

- The role of the Kent & Medway Acute Oncology & Cup Forum Chair is included in the TSSG Chair Job Description, a copy of which is located on the KMCC website:

<http://kmcc.nhs.uk/tumour-sites/terms-of-reference/>

3.3 Research & Trials

It is the responsibility of the Kent & Medway Acute Oncology & CUP Chair to ensure that the Clinical Trials Report is discussed at the six monthly meetings. The meetings provide a platform for discussion of cancer clinical studies and act as a resource for information pertaining to those studies.

National Institute of Health Research (NIHR) Kent, Surrey and Sussex

The Kent and Medway Cancer Local Research Network (KMCRN) was established in 2003 and is one of 32 National Institute for Health Research Cancer Local Research Networks which cover the whole of the NHS in England. The KMCRN coordinates cancer clinical research and facilitates study set up and delivery. This has evolved into the NIHR Kent, Surrey & Sussex and each Tumour Site now has a Cluster Lead to assist with the delivery of research across the region.

3.4 Non-Surgical Oncology Group (NOG)

The Acute Oncology service does not require a NOG meeting as these meetings are used to discuss the Chemotherapy and Radiotherapy treatment algorithms. Discussions required around MSCC and CUP patients will be redirected into another NOG. Any guidelines for adverse events relating to Chemotherapy are discussed at the KMCC led Chemotherapy Forum meeting.

4.0 Children & Young People (CYP) / Teenage & Young Adult (TYA)

4.1 Children & Young People (CYP)

Children and Young People with Acute Oncology and Cancer of an Unknown Primary will be treated in accordance with principles set out in the CYP IOG.

All Children and Young People up to the age of 18 must be referred to the CYP Principal Treatment Centre which for Kent & Medway is based at the Royal Marsden.

All Young People between 16 and 24 years of age must be offered a referral to the CYP Treatment Centre.

Referral to a CYP Principal Treatment Centre does not necessarily mean that treatment will be undertaken at that Centre; shared care management protocols may allow some treatments to be undertaken locally or in other expert centres.

4.2 Teenage & Young Adult (TYA)

The main principles in the Teenage & Young Adult guidance are as follows:

- The 16-18 age group should be seen and treated at the TYA Principal Treatment Centre (PTC) and have their management plans discussed by the TYA PTC. Although shared care can be arranged as part of the pathway the responsible for the care and management plan team will remain the TYA PTC Team.
- Young adults aged 19-24 years must be given choice where they would like to be treated either:
 - In the TYA Principal Treatment Centre.
 - Or**
 - An adult service designated by Commissioners to treat young adults 19 to 24 years.
- In both cases all young people must be given access to the services and resources offered by the TYA MDT at the PTC, this may be remotely or through specified clinical services or supportive activities, and each Trust will need a mechanism to identify all new TYA patients regardless of which MDT they initially present to.

5.0 Data & Data Collection

Collection of data at each stage of the pathway is the responsibility of the team looking after the patient at that time. The minimum dataset agreed by the Forum will be a combination of those data items that meet national requirements, and additional items as agreed by the Forum.

National data requirements will include:

- Cancer Waiting Times data will be submitted according to the timetable set out in the National Contract for Acute Services.

Details of the Cancer Waiting Times dataset are available from:

http://www.datadictionary.nhs.uk/data_dictionary/messages/clinical_data_sets/data_sets/national_cancer_waiting_times_monitoring_data_set_fr.asp

- The Cancer Outcomes and Services Dataset. The data items will be as defined in ISB1521, and any subsequent versions, at the time of diagnosis and/or treatment. The requirement will include those fields listed in the “Core” section of the dataset, and any additional tumour site specific sections, as applicable.

Details of the COSD are available from:

http://www.ncin.org.uk/collecting_and_using_data/data_collection/cosd.aspx

Cancer Registration and Cancer Outcomes and Services (COSD) data will be submitted according to the timetable set out by National Cancer Registration Service (NCRS). Where applicable, teams will also collect additional data items as defined in any corresponding port Program National Clinical Audit Support Program (NCASP) audit dataset. Details of these datasets are available from:

<http://www.ic.nhs.uk/services/national-clinical-audit-support-programme-ncasp/cancer>

Data for NCASP audits will be submitted, where applicable, according to timetables as agreed by the AO and Cup Forum, and within the overall submission deadlines for each audit.

Submission of data to meet these national requirements will be the responsibility of each individual Trust.

Note that these standards are subject to variation from time to time, and where these requirements change, the data items required to be collected by the team will also change in line with national requirements.

Local data requirements will include any additional data items as agreed by the Acute Oncology & CUP Forum. These must be selected to avoid overlap with any existing data items, and where possible must use standard codes as defined in the NHS Data Dictionary.

Where possible and applicable, InfoFlex will be used for the collection and storage of data.

Additional areas of the COSD, relating to pathology, radiotherapy, SACT, diagnostic imaging and basic procedure details will feed into the dataset from other nationally mandated sources. It is the responsibility of each team to ensure that the whole of the relevant dataset is collected, and it is acknowledged that this may come from a variety of sources.

6.0 Pathology

All KMCC reporting pathologists follow The Royal College of Pathologists Histopathology Reporting on Cancers guidelines – a copy of which is available through the KMCC website:-

<http://kmcc.nhs.uk/tumour-sites/sub-groups-or-cross-cutting-groups/pathology-group/>

Specifications on CUP pathology and molecular biology

http://annonc.oxfordjournals.org/content/26/suppl_5/v133.full.pdf

Core Cell Path members of the K&M Acute Oncology & Cup Cancer Teams (and any other Cellular Pathologist providing an Acute Oncology & CUP Cancer Service) will participate in any Acute Oncology & CUP agreed cell path related audits.

7.0 Imaging

Imaging guidelines for Cancer can be located in the KMCC agreed document located on the KMCC website on the following link: <http://kmcc.nhs.uk/tumour-sites/sub-groups-or-cross-cutting-groups/diagnostics-group/>

Additional imaging guidelines related to CUP and oncological emergencies such as MSCC will be added to the link once agreed by NOG and AO and CUP Forum.

8.0 Glossary

Acronyms in common usage throughout KMCC documentation:

| | |
|--------|---|
| CYP | Children & Young People (in relation to the IOG) |
| DCCAG | Diagnostic Cross Cutting Advisory Group |
| AO | Acute Oncology |
| AOS | Acute Oncology Service |
| CUP | Cancer of an Unknown Primary |
| DOG | Disease Orientated Group (NSSG/TSSG/TWG) |
| TSSG | Tumour Site Specific Group |
| DVH | Darent Valley Hospital |
| EK | East Kent |
| EKHUFT | East Kent Hospitals University Foundation Trust |
| HoP | High Level Operational Policy |
| IOSC | Improving Outcomes: A Strategy for Cancer |
| K&C | Kent & Canterbury Hospital, Canterbury, (EKHUFT) |
| K&M | Kent & Medway |
| KMCC | Kent & Medway Cancer Collaborative |
| KMCRN | Kent & Medway Cancer Research Network |
| LSESN | London & South East Sarcoma Network |
| MFT | Medway Foundation Trust |
| MSCC | Metastatic Spinal Cord Compression |
| MTW | Maidstone & Tunbridge Wells NHS Trust |
| NOG | Non-Surgical Oncology Group (<i>Permanent oncologist sub group of the TSSGs with a specific responsibility for chemo/rad pathways and advice to the TSSG, KMCC and geographical locations on new drugs</i>) |
| PoC | Pathway of Care (<i>KMCC agreed disease site specific clinical guidelines</i>) |
| PTC | Principal Treatment Centre |
| QEQM | Queen Elizabeth the Queen Mother Hospital, Margate (EKHUFT) |
| QoL | Quality of life |
| QVH | Queen Victoria Foundation Trust Hospital East Grinstead |
| RMH | Royal Marsden Hospital |
| RNOH | Royal National Orthopaedic Hospital |
| UCLH | University College Hospital London |
| WHH | William Harvey Hospital, Ashford (EKHUFT) |
| WK | West Kent |

9.0 Revision History
